

Level II *Touch for Health* Course

Learn Kinesiology, the Language Your Body Speaks!

*"I wanted people to understand there is always hope – no matter what their age or physical
Chiropractic, kinesiology, nutrition, acupressure – all the things I'd studied and practiced – could be
synthesized into practical techniques people would use with themselves and their loved ones at home. All that
is needed is a pair of loving hands."*

~John F. Thie, D.C., Founder
